

Dear Folks -- This is from BlackBoxVoting.org/volunteer/html. -

Bev and crew are in Florida racking up vote fraud evidence. Read her Nov. 16 blow-by-blow post on BlackBoxVoting.org. And for a historical perspective read Votescam: The Stealing of America by the Colliers, who started their investigations in the Florida of the '70's. It hasn't changed much.

HELP AMERICA AUDIT:

5 Things You Can Do Right Now to Reclaim Democracy

You're our greatest hope. If you choose to accept it, your job, on the Black Box Voting Cleanup Crew, is to spread the word in order to build a fast-growing grass roots movement -- a voting integrity project so powerful that it cannot be mowed down.

1. BE THE MEDIA -- Scroll down for specifics. TV networks are on lockdown, are not able to cover real news on vote fraud. The only "OK" news is stuff about vote suppression and a little bit on touch screens -- nothing on the bizarre and impossible math that's showing up, or the central tabulator meltdowns, or the crazy numbers from optical scan counties. Network TV: The subject is officially taboo. I have this from two separate producers, who have also been told not to talk about it. [SEE BELOW: "HOW TO BE THE MEDIA']

2. CRUNCH THE NUMBERS: Discrepancies please, and hurry. E-mail them to tips@blackboxvoting.org. Pass the word. Need source documents, too. ASAP. Follow your nose, or join the Black Box Scavenger Hunt: Pick a county with optical scan machines or touch screens. Look at small counties, as we are seeing many discrepancies in those. Look in any state. Get the official number of registered voters, Dem and Republican. Get the number of votes cast on Nov. 2, Republican and Dem. Make a grid like this, filling in the right numbers:

reg voters
percent

votes cast
percent

Republican
100
33%
150
50%

Democrat
200
67%
150
50%

Total
300
100%
300
100%

We can find out a lot from this procedure, very hard data, that will make a real difference. As soon as you have finished a county, e-mail it to us. Do as many counties as you can.

3. HAVE A HOUSE PARTY: Show the film "Votergate" (the real one, which you can download for free at www.Votergate.tv.) Organize "Be the media" actions and set up investigative teams to help dig up information like you have in #2. Timeline is NOW, to get action before seating the electoral college. [This is showing Fri. after Thanksgiving, the 26th, 7:45 at Yoga Desa at Pine Tree Circle in Topanga! Bev Harris calls it the most powerful investigative film on this topic.]

4. HELP CONNECT THE WIRES: Hook Black Box Voting (.ORG) up with powerhitters you know, people who can make things happen.

5. DONATE to any of these 3 organizations: Black Box Voting, the consumer protection group for elections; or Help America Recount, a fund specifically set up to finance citizen recounts, or send contribution to Votergate (The REAL Votergate film, by Russell Michaels, Robert Carrillo Cohen, and Simon Ardizzone. There is another by someone else, make sure you get the right one.) The real VOTERGATE is the most powerful investigative film on this topic, and consequently it has been attacked and blocked repeatedly. They deserve your support.

"HOW TO BE THE MEDIA"

Don't expect to see vote burglary on TV. To get the message out fast, you're going to have to become the underground railroad. Do it now. Take pictures of each other doing it. Have house parties to show others how to do it. Here's how to "be the media."

BE YOUR OWN REPORTER: We will send you new information as we get it. We need your e-mail to get you on the list, so if a friend sent this to you, please shoot an email to crew@blackboxvoting.org to sign up.

Spread the information we send you to every blog, listserv, forum you know and throughout your personal network. Talk about it at work and to people you meet everywhere, lots, quickly, all the time.
